Only the electrical wiring linking the pilot to the boat's batteries may be installed with one waterproof power plug on deck. No other installation wiring or components are allowed.

5.2 Survey certification

It is the sole responsibility of the entrant to decide that the boat chosen to compete in the Golden Globe is fit for purpose or not. The entrants are solely responsible for the seaworthiness of their entry and its fitness for the voyage. Each entrant must consider the structural integrity, stability of the boat and that they are competent to manage it before proceeding.

Stainless steel over time becomes brittle, so great attention to rudder and rudder shafts, chain plates and gudgeons and pintles etc will be needed during any refit. Nothing here in these rules or inspections required, absolves the entrant from his/her ultimate responsibility to ensure his/her own safety by preparing the boat

in the appropriate way.

Each entry must submit to the GGR Committee for comment (before refit work commences) a comprehensive REFIT PLAN, detailing the extent of the planned refit for the entered yacht. As a minimum, it must specifically cover details relating to the collision bulkhead, watertight cockpit lockers (if fitted), spars and rigging, chain plates, hatches and ports, companionway, rudder and steering, skin fittings and valves. Once that work is completed as described in the refit plan, the yacht must be inspected by a certified marine surveyor, (approved by the GGR Committee and at the entrant's expense) to confirm all work specified in the refit plan has been carried out in an appropriate manner and in the surveyor's opinion, the vessel is fit to sail across oceans. An original signed copy of this survey certificate and complete file of refit plan must be included in the registration pack.

It is "strongly advised" that before any participant purchase any pre-owned boat, that an authorized rigger fully inspect the mast and spars to ensure that in their professional opinion, the fitted spars are able to be suitably "refitted" for serious ocean use, or a new spar should be considered before purchase. The entrant should also check that the mast and spars are of original length specifications as designed up till 1988. The GGR committee place particular importance on mast and rigging integrity and will stand by any authorized riggers recommendation.

No earlier than 1st May 2022 all spars and rigging must be inspected by a certified rigger approved by the GGR Committee and approved as 'appropriate and ready' for serious ocean sailing by that rigger. Checks must also be made to confirm dimensions are as original 1988 design dimensions. An original signed copy of this report must be included in the registration pack.

5.3 Boat location in the port of TBA and LSO

All Boats entered will be based at TBA and LSO GGR VENDEE marina.. The marina will open in TBA at 0900hrs on 8th August 2022 and close at 1600hrs. 8.2 Participant's insurance

Each participant must subscribe to:

A public liability policy for his/her participation in the event and for the boat, to a minimum value of £3 million UK Pounds or Euro \$3 Million. An insurance certificate, issued by a solvent body of unquestionable reputation, must be included in the registration pack. If the entrant cannot secure this insurance by June 31st 2022, the Organisers may delegate this task to an insurance broker to secure and if available the entrant must buy that policy on that day, or forfeit their entry.

Details of a process to assist entrants secure a full comprehensive marine policy for the GGR are available from The Organiser who accepts no responsibility. Early planning is strongly advised, before the GGR Yacht refit commences, as specifically approved surveyors may be required to ensure any future insurance policy offer.

9 RESPONSIBILITIES

9.1 Organiser's insurance

The Organisers public liability insurance will be established by August 2022. The insurance cover will cover nautical events at sea in compliance with the international norms applicable in this case.

Participant's insurance

Each entrant must provide copies of a £3 Million UK Pound or Euro \$3 million Liability insurance policy with an acceptable insurer with the Registration Pack.

9.2 Monitoring

The monitoring, in particular via radio and/or phone (Inmarsat or Iridium) or satellite tracking, which may be undertaken by the event Organiser, must be considered by the skippers as optional and random and cannot be relied on as an added safety tool.

9.3 Risk

The skippers undertake this voyage at their own risk and peril and under their own

responsibility. It is the responsibility of each skipper to judge, given his skills and qualifications, the equipment he/she requires, the weather forecasts, etc...whether to start the voyage in the first instance and whether to continue sailing. The skipper accepts that the equipment requirements to participate in the Golden Globe are minimal and by entering the event agrees that in their own opinion, this is sufficient for the safety and wellbeing of the entrant to complete a seamanlike circumnavigation. The entrant also accepts and agrees that the organisers are non-expert in the running of such events and he/she does not rely on any aspect of the advice opinions or rules of the Golden Globe before or during the event in making the decision to attempt this Race.

Solo sailing

By entering the Golden Globe the entrant accepts and agrees with the fact that solo sailing of any kind, especially attempting to sail solo around the world, is dangerous with inherent risks that can and does cause serious injury and even death and that the obvious risk associated with this type of activity, including NOT being able to maintain a 24 hour lookout, is one of the very real attractions to enter and agrees that the entrant is a risk taker and that this is an important part of the reason the entrant will enter the 2022 Golden Globe.

9.3.1 Retro challenge

By entering the Golden Globe the entrant, having considered all the equipment conditions and restrictions on sailing gear to sail in this 'RETRO' event, described in this Pre - Notice of Race, agrees and accepts that even with these restrictions on equipment currently considered "normal sailing gear" that the Entrant can keep themselves and their boat safe during this event and therefore freely accept without conditions all those restrictions of equipment allowed on board during the Golden Globe .

9.3.2 Personal responsibility

By entering the Golden Globe the entrant accepts that at any time leading up to the start of the voyage, or at any time thereafter, including during the voyage, having gained new skills and sailing experience or insights into the challenge of the Golden Globe , that suggests in his/her own opinion, that to remain as an entrant in the Golden Globe would be reckless or excessively dangerous to them or their boat, that it is then their sole responsibility and duty to withdraw immediately.

9.3.4 Indemnity

It is a requirement of the Golden Globe that all entrants sign an indemnity form

removing the Organisers, sponsors, managers and any employees or volunteers involved with the GGR from any liability whatsoever, to them or their next of kin due to their participation in the GGR and by entering the event the entrant agrees to do this..

9.3.5 Proper court

Any question or request for damages arising from an incident involving a boat entered in the GGR depends on the appropriate courts and will not be dealt by the GGR jury.

9.3.6 Boating legislation

The boat's owner or other person in charge shall, under his sole responsibility, make sure moreover, that his boat complies with the equipment and safety rules required by the laws, by-laws and regulations of Host Port TBA and their country of ships registration at all times.

10 PENALTIES

Fines are required for the safe and efficient management of the GGR. There is no reason for any sensible entrant ever to be fined and there will be basically ZERO tolerance on the application of all fines and penalties. Once a boat enters the GGR Marina /Race village prior to the start, any and all fines issued thereafter "MAY" include an "Appropriate" time penalty at the sole discretion of the GGR committee.

This is to ensure that well funded sponsored entries respect all penalties.

Penalties not mentioned elsewhere will include the following.

10.3 Non attendance

Presence in TBA and TBA, at official receptions and briefings.

Non attendance at the start a Euro\$500 penalty and after 30 minutes declared

Absent so A Euro \$1500 penalty, including tax, will be applied each time a competitor does not attend a briefing or an official event or the boat is not on the Marina at the date and time specified in the Notice of Race and its appendices. Should the delay or the infraction exceed 24 hours, this penalty may be applied for each 24-hour delay.

The same penalty will be applied each time a competitor and/or his/her team manager does not attend an official briefing organized by the GGR Director.

If a finishing fee is not to be paid, any later penalties must be fully paid before any prizes or trophies are presented at the conclusion of the Golden Globe.

11 INTELLECTUAL PROPERTY

11.1 Event name

The official name and the only one authorized is: "GOLDEN GLOBE RACE" ®. The

event name: GOLDEN GLOBE RACE ® and GGR logo or logos as defined are the unique property of DON McINTYRE, and are registered TRADEMARKS in the EU and abroad in his own name.

11.2 Intellectual property

The intellectual property and official event name are registered as a semi-figurative mark "GOLDEN GLOBE RACE" and "GGR" ®. This semi-figurative logo must not be modified, neither the colours, nor the graphics, and the words "GOLDEN GLOBE RACE" and "GGR" must not be exchanged or inter-disposed by other words. In the same way, the semi-figurative logos must not be shortened to less than 3 words or letters or substituted by other words or graphics, without written authority. The event name, GOLDEN GLOBE RACE ®, registered trademark may not be added to, substituted or replaced, without written authority.

The intellectual property of « GOLDEN GLOBE RACE » and "GGR" ® the concept, the charter, audio-visual rights, texts, images, photos, tabulations, provided in its documentation are protected par author rights, and associated rights, are the unique property of its author, DON McINTYRE.

In no circumstance, does the GGR documentation and its concept constitute a transfer of intellectual property rights, either moral or patrimonial, or of whatever nature, without written authority.

11.3 Long-term Future

This is assured by future events at least every 4 years celebrating the 1968 Golden Globe and it's entrants as the very first non-stop solo around the world Race record attempt.

11.4 Intellectual property rights.

It is incontestable that the Charter and the Voyage concept, and its original form, have been developed, since 2013, exclusively by DON McINTYRE, who is therefore rights holder and author with reference to the said concept. A number of trademarks are registered (or are pending registration), which have a declination of the nomination "GOLDEN GLOBE RACE" and "GGR" ® and thereby to preserve intellectual property rights.

The Concept of the GOLDEN GLOBE RACE as a celebration of the original Golden Globe in 1968 and the winning yacht and captain is clear. It is described in the original 2015 and this Pre - Notice of Race and the www.GoldenGlobeRace.com web

site, and GGR Facebook page. The concept and detail of the Golden Globe Race as a non-stop solo Voyage around the world sailed with basic 1960's equipment of a "retro" nature without the use of modern navigational aids and satellites, or electronics, is also well described here in this Pre - Notice of Race. Utilizing basic pre 1988 full keeled production yachts, or replica yachts of previous Golden Globe entrants as the sailing yacht is also well documented. All this information combined is documented in and has been transmitted around the world with various Press Releases and Media Notifications first released on April 22nd, 2015.

The GOLDEN GLOBE RACE will evolve into various future editions of a similar nature, with the unique principle of celebrating the achievements of the original Golden Globe entrants and their yachts. These ideas, themes and actions make up the principle elements, but not the only elements of the intellectual property for the GOLDEN GLOBE RACE owned exclusively by DON McINTYRE. The intellectual property rights contained herein are pending registration with the National Institute of Industrial Property (I.N.P.I.), France, as an original idea of DON McINTYRE.
